

## BUNGLING DETECTIVES.

ENGLAND'S FAMOUS DETECTIVE AGENCY A FARCE.

Bank Swindlers and Dynamiters Operating Within Plain Sight of the Scotland Yard and the Famous British Detective-Other Foreign Dispatches.

LONDON, Nov. 16.—Scotland Yard has long been famous as a detective agency, but the famous Scotland Yard detectives are being their former prestige and are apparently gaining for themselves an unenviable reputation as criminal hunters. They are still held in derision for the part they played during the celebration of the queen's jubilee last June. They were popularly supposed at that time to have been great heroes and the preservers of peace.

Very likely they were, but it turns out now that they had then, as themselves allege, numbers of dangerous dynamiters within their grasp, whom they now charge with being actively engaged in arranging the plans of some hideous plot, and whom for some reason only known to themselves, these clever detectives allowed to go unharmed. And as for their last clumsy efforts in attempting to unearth a nest of dynamiters, and to fix the responsibility upon the Nationalists leaders, people have not ceased laughing at them yet. And now a still further humiliation is added to their list.

Information has leaked out through the medium of a provincial paper that the Scotland Yard's latest endeavor is the pursuit of a band of alleged American bank swindlers. For some time past a series of clever bank swindles has been perpetrated, and apparently under the noses of the very detectives who are working up the case. The band must be well organized and possess good methods for their depredations have been fruitful. They have successfully forged checks on prominent banks and have secured in this way some large amounts, but the favorite method of these robbers appears to be raising the figures on the checks they present for payment.

The most recent bold attempt of these operators was to defraud a leading bank of the sum of £2,000. This they accomplished by raising a check, and despite the "vigilance" of the detectives, succeeded in securing the cash. The funny part of it all is that these operations are being carried within plain sight of the Scotland Yard men but they seem to lack the detective efficiency and sharpness requisite for such shrewdness as that exhibited.

### Dynamiter Arrested.

GLASGOW, Nov. 16.—An intermediate passenger of the steamship State of Indiana, which arrived here yesterday, was arrested at Greenock, charged with being a dynamiter. His name is Charles Cowatch, alias Ranover. He had in his possession four dynamite cartridges, each measuring seven inches in length by one inch in diameter, also a gutta percha tube, eighteen inches long with copper caps attached. Cowatch refused to answer any questions and was held.

### Special Envoy to the Pope.

LONDON, Nov. 16.—The queen has appointed the duke of Norfolk as special envoy to convey her thanks to Pope Leo for sending Mgr. Scilla to represent him on the occasion of the queen's jubilee celebration. The duke will start for Rome early in December.

### CINCINNATI CENTENNIAL.

Arrangements for the Great Exposition Fairly Under Way.

CINCINNATI, Nov. 16.—So far everything is progressing favorably for the great Cincinnati exposition of next year. All the departments are very busy. Both the Washington park and Canal buildings were put under way last week; all the objections to the removal of trees, etc., have been amicably settled.

The printing department, with business offices in Mechanics' building, and job rooms located in the government building, is doing a large amount of work, and sending out immense quantities of printed matter.

The department of horticulture proposes to give the finest display ever made in Cincinnati.

Chairman Kerper, of the department of music, is doing his best to have one of the grandest musical treats ever known before in the west.

L. C. Goodale, chairman of the department of the states, is making efforts to have all the honorary members, sixty in number, from Wisconsin, Michigan, Illinois, Indiana, Kentucky, Tennessee, Pennsylvania, West Virginia and Ohio, actively participate. All the governors of the states above mentioned have been made honorary commissioners.

Leon Van Loo and C. C. Waite go east this week in the interest of the art committee to visit Washington, Philadelphia, New York and Boston.

At the meeting Saturday Treasurer Kuhn, Secretary Eschbly and Assistant Secretary Gross gave bonds in \$100,000, \$25,000 and \$5,000 respectively. Applications for privileges and space are pouring in by every mail, and the prospects for the coming centennial are very bright.

Col. M. L. Hawkins is having four large centennial signs put up on the Mechanics' Institute building at Sixth and Vine, covering all the space between the windows on the floor occupied by the centennial commissioners.

### The Richest in the World.

PIRESOTT, Ariz., Nov. 16.—Private advices go to show that the recently discovered gold mine, ten miles from here on the Hassayampa river, is richer by far than anything ever discovered in the world. The ore averages \$1,000 per ton, and thousands of tons are in sight. Two men with a common mortar pounded out \$900 in less than an hour. The gold clings to the rock in the purest scales. A man with a knife can scale a handful in a few minutes. There is every indication of the ledge containing fabulous wealth. This river has produced millions in years past in placer mining, and on one occasion a pocket was found which yielded \$100,000 in a few weeks. People are flocking there in great numbers.

### A Song and Dance Girl Killed.

DENVER, Col., Nov. 16.—At 11 o'clock last night, Charles Henry, aged nineteen, shot and killed Edie Moore, a song and dance girl at the Palace variety theatre. The affair occurred in a box which they occupied. Four shots were heard and a rush was made for the box. Henry was found coolly placing the pistol in his pocket. Miss Moore was seventeen years old and unusually beautiful. She had refused to marry Henry, and jealously and his anger to fire the fatal shots.

## POINTED PARAGRAPHS.

Topics of the Times Given in a terse and Spley Manner.

Cholera has reappeared at Messina. Bank of Lakin, Kan., has "busted." Rents in Limerick have been reduced 40 per cent.

Spanish government has recalled the governor of Porto Rico.

Judge Melvin T. Lowry, died at Nicholasville, Ky., aged sixty years.

Twenty-four Philadelphia shoe factories resumed operations Monday.

Town of Hayesville, Kan., was nearly destroyed by fire Sunday night.

A cotton press and 300 bales of cotton burned at Greenville, Tex. Loss \$350,000.

Judge Barrett has refused to restrain the New York club from firing Edward Gahard.

A dynamiter who had just arrived from America has been arrested at Greenock, Scotland.

Commissioner of Pensions Black will be tendered a reception by the G. A. R. men of Scotland.

James and John Hurley, aged eleven and nine respectively, were killed by a falling embankment in Pittsburgh.

Pittsburg Presbyterian preachers denounced Sunday newspapers, and will ask the authorities to suppress street sales thereof.

Angus McLane, hotel keeper at Shelton, W. T., set fire to his hotel and calmly watched his guests escape. One man was burned to death. McLane was arrested.

### Foreigners to Become Voters.

CHICAGO, Nov. 16.—The Canadian-American club will hold a meeting at the Grand Pacific to consider the report of the committee appointed to draft a platform of principles for the government of the organization. The purpose of this association is in all respects similar to that of the British-American society, recently organized in this city, that is, to promote the naturalization of their fellow countrymen as American citizens who are residents of Illinois. All told it is believed there are nearly thirty thousand British and Canadian residents in the city of Chicago alone, who have never sworn their allegiance to Queen Victoria. It has occurred to some of the great political leaders that this immense vote would count of some importance before the end of the next presidential campaign.

### Celebrating His Centennial.

PORT HURON, Mich., Nov. 16.—Judge Z. W. Bunce reached the age of one hundred years yesterday, and was tendered a reception by the leading townspeople. He was born in Hartford, Conn. His family were the owners of the farm on which stood the famous Charter Oak. His father was a private in the revolution and was one of the wealthy men in the early days of the country. Judge Bunce was a member of the territorial legislature from 1831 to 1834, and judge of the circuit court from 1834 to 1843. His mind is clear and active and his muscles as strong and firm as most men of sixty years. Judge Bunce was not at any time a total abstainer and loves a pipe as well today as he did fifty years ago.

### To Protect Themselves.

NEW YORK, Nov. 16.—Articles for the incorporation of "The Dry Goods Credit, Guaranty and Indemnity company," with a capital of one million dollars, have been filed with the insurance department of this state. The purpose of the company is to protect merchants and manufacturers against any loss from debts owed them by customers. The company will protect itself by obtaining from the persons desiring credit such security as it can, either by mortgage on real estate or personal property or the deposit of other security. This company is said to be the first of its kind organized in the world.

### The Weather.

WASHINGTON, Nov. 16.—Indications—Slightly warmer, fair weather, light to fresh westerly winds, becoming variable.

### FINANCE AND COMMERCE.

Quotations of the Money, Stock, Produce and Cattle Market for Nov. 16.

NEW YORK—Money 4 1/2 per cent. Exchange steady. Government bonds steady. Currency 123 bid; four coupons, 123 1/2; four-and-a-half, 109 1/2 bid.

The stock market opened weak and fractionally low, the result of some orders to sell from London, but after the first few transactions on some very good buying supposed to be for the account of some of the larger operators on the short side, there was a sharp rally and the decline was not only recovered, but still higher prices recorded. At 11 o'clock the advance ranged from 1/4 to 1 1/4 per cent. In the hour to noon a part of this was lost. At the present writing the market is strong at the top figures.
